MEMORANDUM FOR: Chairman, Security Committee
FROM: Director of Central Intelligence
SUBJECT: Leaks

Bob:

1. Attached herewith are some ideas from Jim Taylor and my response to that memo.

2. I'd like to know where we stand on the investigation of possible leaks in CIA--polygraphing done or under way, etc. I'd also like a review of our control and reporting of press contacts here. You recall that [redacted] came to speak at a meeting here and described how he is able to work CIA employees to do a story. Someone was to reconstruct his statement of how this works. I want to see that. Then there is a PFIAB effort under way. See if you can get a reading on that. By Tuesday or Wednesday of next week, I'd like to have this together so that we can decide what the next steps are.

3. As soon as possible we should get somebody in your shop, with perhaps some help from [redacted] the author of the memorandum from Jim Taylor, to begin putting together the kind of statement referred to in my response to Jim Taylor.

2. I want to prepare a broad statement on the whole issue to be used as a basis for alerting the senior officials of the government to it as an issue which needs to be seriously addressed and/or a public speech. I want to pick up on the phase of this I got started during May and then let go when I had to go away

3. I will ask [redacted] to bring all this up to date and we will talk about it then.
